THE MAGNIFICENT COLOURS OF MUSIC

CANTORIA: SPIRIT  
ALBUM LYRICS & NOTES

Cantoria Spirit ≈ a purely instrumental invocation ~ Chakra Meditation

The pure vibrational energy of a Tibetan Singing Bowl & Tingsha invite Strings to a full harmonic array of sounds and emotions .... all designed to open and cleanse our Chakras

Violin, Cello, Guitar, Harp & Udu embrace this melodic spiritual journey .... and guide us into a beautiful, peaceful state of being.

Om Shanti Shanti Shanti ....

An answer to the many requests for a purely instrumental version of the original "Cantoria" Album, "Cantoria SPIRIT" offers the same music with all vocals replaced by violin and cello, plus the added beauty of harp. The extra value here is that without vocals and lyrics to guide and direct, the listener is free to flow with the sound and spirit of the music alone ~ As powerful as it is peaceful. Namaste
